

How to recommend

A step-by-step guide

1 SIGN IN

Library users who log in to their free CataList accounts will have access to "Recommend" buttons that appear on eligible Loan Stars titles.

2 DISCOVER

View a sample

Read an excerpt

You can get a taste of eligible books by requesting a reading copy through NetGalley or CataList or by viewing a sample and/or excerpt (if available).

These tools are designed to help you evaluate whether or not, in your professional opinion, a book deserves to be a Loan Stars pick.

3 RECOMMEND

With the click of a "Recommend" button, your endorsement is instantly captured. You can also leave a review to provide patrons with more information.

4 REPEAT

Highly recommended books become Loan Stars picks!

And every time you recommend a title, you will be automatically entered into our monthly prize draws for free books and book-related swag.

Remember: You can recommend as many books as you wish – but you can only recommend each book once!
